

Divya Rastogi

Product Designer | UI/UX Designer | Architect

Brisbane, Australia, +61-423145086

DOB: 15/02/1994

ardivyarastogi@gmail.com | [LinkedIn](#)

Human-centred UX & Interaction Designer with a multidisciplinary background in architecture, design research, and digital experience prototyping. Skilled in UX research, interaction design, visual design, and XR-based prototyping, with experience teaching HCI and guiding students through end-to-end design processes. Bringing spatial reasoning, storytelling, and systems thinking to create intuitive and emotionally resonant user experiences.

QUALIFICATIONS

Master of Interaction Design, University of Queensland, Brisbane, Australia
2024 – 2026

Bachelor of Architecture, Bharatiya Vidyapeeth Deemed University, Pune, India
2013 – 2017

AREAS OF EXPERTISE

Skills:

UX Research • Interaction Design • UI/Visual Design • Wireframing & Prototyping • User Flows • Information Architecture • Journey Mapping • Usability Testing • Contextual Inquiry • Qualitative/Quantitative Analysis • Design Thinking • Co-design Workshops • Storyboarding • Experience Mapping • Spatial Experience Design • Agile collaboration • Accessibility (WCAG) • Graphics Design and Visual communication • 3D modelling/designing

Tools:

Figma • FigJam • Adobe Creative Cloud • Autodesk AutoCAD • Unity • Sketchup 3D • Blender • HTML • CSS • JavaScript (basic) • Python • Arduino IDE

PROFESSIONAL EXPERIENCE

The University of Queensland | Jun 2025 – Present | Researcher in Media Architecture

- Investigating how interactive media architecture can enhance UX in urban “non-places”
- Conducting contextual inquiry, site ethnography, interviews, and qualitative coding
- Building AR and VR prototypes to evaluate emotional & experiential engagement
- Developing a design framework combining XR, placemaking, and HCI methodology

The University of Queensland | February 2025 – Continuing | Academic Tutor – Human Computer Interaction and Design thinking

- Guided 200+ students in user research, design thinking, usability testing, and UX design, enabling inclusive and research-driven project outcomes, understanding human centred computing
- Mentored over 20 students guiding teams to conduct research and analyse findings based on theories of HCI, translating qualitative insights into actionable strategies.

Tutor (Design & Architecture) | IPS Academy | India

Aug 2022 – Aug 2023

- Taught design fundamentals, storytelling, prototyping, and spatial analysis.
- Mentored 100+ students across multiple studios.
- Strengthened facilitation and communication skills relevant to UX workshops.

Tattoo Artist — Client-Centred Creative Practice | OZ Tattoos | Delhi, India

Apr 2021 – July 2022

- Worked closely with clients to translate personal stories into visual compositions, Composing designing tattoos
- Enhanced user-centric decision-making, trust-building, and visual precision.

Architect & Landscape Architect | Arch Idea (2018–2020) & Margosa (2017)

- Led concept design, user experience analysis, and visual communication for residential projects.
- Created 2D/3D models and coordinated with engineers + clients to ensure alignment.
- Strengthened problem-solving, structural thinking, and design communication.

CERTIFICATIONS

- UI/UX Design – IIIT Bangalore (2023–2024)
- Faculty Development Programme – COA India (2023)
- Advance Tattooing – Skin Machine (2021)
- Body Piercing Certification – Tattoo Ashram (2022)
- Arts Certification – Kala Ashram (2019)

LEADERSHIP & PROJECTS

NASA – Multiple leadership roles (2014 & 2016)

NSS – Public-space rejuvenation (2012–2017)

Global Art Biennale – Installation In charge & Coordinator (2013, 2015, 2017)
