

Divya Rastogi

Product Designer | UX/UI Designer

Brisbane, Australia | +61 423 145 086 | ardivyarastogi@gmail.com | [LinkedIn](#) | [Portfolio](#)

Innovation-led Product Designer (UX/UI) with 5+ years of experience and a foundation in architecture, bringing strong spatial and systems thinking to UX. Skilled in UX research, design thinking, prototyping, and frontend. Lead end-to-end UX redesign, achieving a 60%+ increase in user engagement.

AREAS OF EXPERTISE

Skills: UI/UX Design • User Research • Usability Testing • Prototype Testing • A/B Testing • Data Analysis • Information Visualization • Interaction Design • Wireframing & Prototyping • Agile Collaboration • Journey & Experience Mapping • Contextual Inquiry • Co-design Workshops • Design Thinking • Graphic Design • Accessibility (WCAG)

Tools: Figma • Fig Jam • Adobe Creative Cloud (Illustrator, Photoshop) • Google Analytics (GA4) • Excel • Maze • Zeplin • Notion • Unity • Arduino IDE • AutoCAD • SketchUp • Blender • HTML/CSS • JavaScript (basic) • Python (basic) • AI Tools (research, design and ideation)

PROFESSIONAL EXPERIENCE

THE UNIVERSITY OF QUEENSLAND

Brisbane, Australia

UX Researcher – Media Architecture | Jun 2025 – Jun 2026

- Spent 12 months on a research project about **urban “non-places”** (underpasses, transit corridors, waiting areas), combining **site interviews, behavioural mapping, and usability evaluation** to understand **how people** actually move through and pause in these spaces, then fed that into an **interactive media architecture design strategy**, a review of **45+ peer-reviewed papers**, shaping the research, **Developing** an analysis **framework** and **collaborating** with academic supervisors and industry mentors.
- Carried out contextual inquiry and coded **16+ interviews** by hand before pulling out the movement and pause patterns that ended up steering the UX decisions later in the project
- Built and tested an **interactive prototype across 6 rounds with participants**, adjusting after each round based on **post-test interviews**.
- Pulled **findings from 10+ evaluation sessions** into a **reusable framework** that other researchers on the project could apply to different urban sites.

THE UNIVERSITY OF QUEENSLAND

Brisbane, Australia

Academic Tutor – HCI & Design Thinking | Feb 2025 – Present

- Mentored 200+ students** in **user research, design thinking, usability testing**, and **UX design**, enabling inclusive and research-driven project outcomes
- Guided 20 project teams** through **complete design process** and presented a guest lecture on “Research for Design”, translating **qualitative insights** into **actionable strategies**

INDEPENDENT CLIENT WORK

Remote

UI Designer (Freelance) | October 2023

- Led the end-to-end UX redesign** of the platform, including **onboarding, dashboards, and core user flows** delivering responsive, **WCAG-compliant experiences** and increasing **user engagement by 60%**
- Built and managed** a scalable **design system** and **UI library in Figma**, ensuring product-wide clarity, **consistency, and reusability**
- Went through several rounds of **feedback with the client**, translating what they said into **user flows, wireframes, and prototypes**

IPS ACADEMY

India

Design Tutor | Aug 2022 – Aug 2023

- Taught **prototyping, storytelling, and spatial analysis** to **100+ architecture and design students** across several studios
- Ran studio critiques and one-on-one feedback sessions, a format very close to a **UX design review**

ARCH IDEA & MARGOSA

India

Architect & Landscape Architect | Jul 2017 – Dec 2020

- Led **concept design and user-experience analysis** on **10+ residential and landscape projects** over 3+ years, from the first **client conversation** through to **designing to implementation**.

- **Managed** architectural projects from **concept design** through on-site **execution**, producing detailed 2D drawings and 3D models to ensure **accurate implementation** and **speed client approvals**
- **Collaborated** with engineers, contractors, and clients to resolve site challenges and **execute** projects on time and within specifications

COTTON ON GROUP

Brisbane, Australia

Retail Team Lead / Sales Representative | Aug 2024 – Present

- Balances **team-lead duties** (stock management, coaching new staff, hitting sales KPIs) with full-time study; an odd pairing, but reading what a **customer needs** versus what they first ask for turns out to be the same instinct that shows up in **user research**

LEADERSHIP & CERTIFICATIONS

- **Ladies in Technology (UQLIT) member** *Brisbane, Australia*
Participated in Network events, **expanding outreach** and **strengthening** community engagement in **STEM education**
- **UI/UX Design** Certification, IIIT Bangalore (2023–2024)
- **Faculty Development** Programme, Council of Architecture (COA), India (2023)
- **NASA** (Association of Students of Architecture), leadership roles at national conventions (2014, 2016)
- **National Service Scheme**, public-space rejuvenation projects (2012–2017)
- Global Art Biennale, **Installation In-Charge** (2013, 2015, 2017)

EDUCATION

THE UNIVERSITY OF QUEENSLAND

Jul 2024 - Jul 2026

Master of Interaction Design (Grade – 6.4/7)

BHARATIYA VIDYAPEETH DEEMED UNIVERSITY

Jun 2012 - Jun 2017

Bachelor of Architecture (Grade 82%)
